Proposals of the following types are encouraged. ***The 2020 Annual Meeting is an all multiple-paper conference. There will be no single paper sessions.***

**A. Multiple Paper Format:** This type of thematic session provides an opportunity for authors to present a synopsis of their work. The planning committee will group two-three papers of a related topic or theme for 60 to 80 minutes. Each paper will be given approximately 20 to 25 minutes to present, followed by a 10 to 15-minute question-and-answer session.

**B. Roundtable Format:** Roundtables are informal sessions during which presenters are seated at a table to discuss works-in-progress that may not be ready for formal presentation. Tables are numbered to allow conference attendees to easily identify an individual presenter's session. Each discussion lasts 60 minutes.

**C. Symposium:** A symposium provides an opportunity to examine specific research issues, problems, or topics from a variety of perspectives. Symposia may use a panel discussion format targeted at a clearly delineated research issue or idea. Symposium submissions may have 3 - 4 papers for the 60 – 90 minute session. The session organizer will provide the name and information of a Symposium Discussant.

**D. Research Sessions:** Two – three research papers will be grouped by related topics or themes in 60 - 80-minute sessions. Research papers are presented in approximately 15 - 20-minute time segments. A Discussant will provide a response at the conclusion of the presentations. ***If a proposal is accepted, a written paper or research report MUST be submitted to the Discussant by February 1, 2020.***
